Welcome

Welcome to our final newsletter of 2016.

I can't believe that another year has passed and that we are nearly into 2017.

Along with Brexit and the Trump effect, it has been a very interesting, fun and busy year for us all at Universal and 2017 looks to be even more eventful, minus the politics hopefully.

We are currently in the throws of remodelling of our New York showroom and look forward to the world launch of our new female mannequin range 'Harper' next week as part of the RDC show from 7th-9th December. We will also be showing many of our 2016 launch products including Zen, our fitness mannequin and as always the showroom will be fully interactive with our Iconeme technology.

Our London showroom will also get a makeover in the New Year and of course I welcome you to come and visit at any time.

To keep up with all the exciting things we are up to, please check our Instagram, Facebook and Twitter accounts for up to date information and product launches.

As we end the year we have already started on the next phase of products for launch in 2017, as well as several custom projects which will all be revealed in the New Year.

We have again tried to present you with an informative and exciting newsletter and hope that you enjoy it as much as we do putting it together.

May I take this opportunity to wish you and your families a very Merry Christmas and Happy New Year!

Jonathan
